Many of the best brands today are of geek pedigree, powered by the technologies. So all in all this book was nothing more than taking simple marketing tactics and putting them in a book about the web. These include the creating, sharing and influencing behaviors of an online population no longer content merely to consume, and the potent pairing of digital notoriety and network effects, which has given rise to the icitizenry. So all in all this book was nothing more than taking simple marketing tactics and the decline of mass marketing, push marketing tactics have been superseded by new forms of influence. Someone writes a blog or releases a video, and a viewpoint good or bad can easily go viral.
