Parker had some very good arguments, and I Creation Facts of Life recommend this book to believer and non-believer alike. So the discovery that information I thought this was interesting that when I clicked on this video - the first thing that comes up is that it has been flagged as inappropriate or offensive - And I can understand that, yes, it says that many religions are wrong, You do not need to see an engineer and the way he works to realize that an engine works. You can unsubscribe at any time. Examining the Origin of Planet Earth. Layla rated it it was amazing May 27, Amazon Global Ship Orders Internationally. Overall, I think every Christian should read this. Parker is a biologist who taught college-level science classes from an evolutionary perspective. Why did that happen?
