Are you willing to spend a couple of hours a week, or more, to read about different companies, or is your life just too busy to carve out that time? It is best that you not be exposed to only one type of asset. To ask other readers questions about Getting Started in Stock Investing and Trading please sign up. If you plan to invest in only stocks, make sure to spread the funds across different sectors. Get information about the world's most popular online investing course to learn how to invest Get Started. Other titles by Thomsett: This book is another title in The Getting Started series, which makes complex topics easy to understand. I gave me a better appreciation of my broker I guess he does earn his fees and I would say to leave it to the pros, unless you have the time to actually spend learning about this stuff, because it's a lot more involved than just sticking your money in the market and letting it ride. Cons No commission-free ETFs.
