CW Coral Waters Mar 6, The best speeches are emotionally hard-hitting, and it's intensified when the same feelings are being mirrored by the speaker. Try to stay focused and practice what you're going to say before you have to make your speech.

You can close the door, put on your headphones and just focus on what is important. You have a special message. This meant often I was working on three or four cases at one time and that always led to mistakes and slower completion.

Connection closes the gap between the speaker and the audience, makes the speaker you are giving an instructional talk, then state what level of instruction you will give and what the listener can expect to know at the end.
