I mean, come on, read something. I liked the return of some previous characters, too, which was a nice added bonus. I don't see what's the point of making her pregnant, it doesn't really affect. While I was annoyed in some moments, especially Phil, you get at least what he's going. I did also like the other main character Michelle, but she could be a little harsh and cold sometimes which makes you keep your distance, which I think is what the author intended. She had to have something bad but nothing that could have been Michelle's fault then has the book shop running. Okay so, so many thoughts about this one. Lists with This Book.
