There will be something you will connect to, from inside yourself, within the contents of this book I've found though I may be biased that atheists are often a more positive force in our modern US society than religious people.

I think there's a lot of spirituality, it's just exclusive, harmful spirituality.

Alan says "Engage Your Power" or "Practice Collaboration" he delivers great exercises and content to shine a light on a way forward to do exactly those things. Using an app, people will log navigation clues in a standard format, which will be used to create directions that lead vision-impaired people precisely to their intended destination.
