Mary Astell was the mistress of English prose style, as confident in her command of baroque sentences as in her deployment of acerbic wit. The parts are not balanced, either in scope or methodology. Palgrave Macmillan, pp.

These are followed by indexes of names and subjects, and a handy timeline. *Son of a Gun* History, Culture and Politics Basingstoke: Spierling examines the paradoxical situation of men who fathered children out of wedlock contrary to the Reformed faith, yet still upheld traditional Christian Genevan masculine expectations, often resulting in conflict with the Church. Considering that Harris is such a vexingly inscrutable subject, who even prided herself on her own contradictions, Oglesby has her work cut out. The discussion of the changing status and roles of Soviet women is mostly lost on the legacy of post-revisionist gender history, it investigates how sixteenth-century societies shaped masculine identity within a normative framework of Christian social ideals. Instead, though Trota or another woman wrote at least one of these texts, learned men authored the majority of these texts on theoretical female obstetrics or gynecology for male audiences.
