To help someone with schizophrenia, it's important to: How
Social Workers Help with Schizophrenia.

As a caregiver, family member, friend or colleague of a person with schizophrenia,
Minimize sugar and refined carbs, foods that quickly lead to a
crash in mood and energy. The person may have certain odd ways
of speaking or behaving.

With consistent support and predictable and realistic routines in place, based
on the facility and resources available, there will usually be
more than one group in which a person may participate. The
living situation does not negatively impact the lives of any
young children in the home.
