Tony Benn is a unique figure on the British political landscape: To read this and other editions of his diaries you feel like he is speaking directly to you in his soft public schooled tone.

But his narrative is also broader and more revealing about day-to-day politics. The New Labour project outlasts the diary. Mix of personal memoirs, political history, fascinating insight into the Labour Party as it was driven to the Right by Kinnock and Blair.

Hammer of the Left. May 24, James Aslam - Armitage rated it it was amazing. Rich rated it really liked it Jan 16,
