The section known as "the way of truth" discusses that which is real and contrasts with the argument in the section called "the way of opinion," which discusses that which is illusory. The subjectivist interpretation, approximately as in Descartes, would seem to be put aside, but surely the meaning is not yet fully clear for that reason.

There is extant a hymn of Proklos To the Sim, of which the opening lines may be translated thus: On our version of B 6.

Kant's System of Transcendental-ism.

HehimselfwasanativeofEleaorVelia.These propositions having been reached, apart from particular experience, by reflection upon the fundamental principle, we have in them, Parmenides conceived, a body of information resting upon a firm basis and entitled to be called " truth. These are ways of error, because they confound existence and non-existence.
