Melanie rated it really liked it Mar 10, I knew from the first page that this book was going to be a thriller and adventure. This story starts off well but then seems to fall short of its mark. It definitely feels like there will be. The plot was fairly original as I can't remember ever reading anything quite like. I love Jackhammer Jack!

The book was really interesting and quite original. It doesn't take long for the thought to diminish and the story becomes enjoyable. The story behind A Glimpse of Her Soul is different.
