Science Fiction Science Fiction. No, of course parents will not get suspicious of a stranger talking to their kid. Still, I applaud Jacqueline Koyanagi for writing so openly on the topic, and having it included in service of the story, instead of for titillation.

There are a few action scenes in the novel, but again only if really needed. From the buzz I referred to earlier is around the diversity and complexity of her cast. With lives on the line, can Alana find a way to make all her dreams come true? They'd have kittens over the cover alone no whitewashing here dear much less a heroine who isn't size 0 strapped in leather and stilettos. Captain of the ship? I love how space is called the Big Quiet and "the silence." I picked this one up to help tide me over until the sequel to Rachel Bach's Fortune's Pawn came. The Last Man, Vol.
